

## Posting to an AALS Section Discussion List

### How to Post to a Discussion List

There are three ways to post to a discussion list:

- Sending an email to the discussion list's unique email address
- Logging into the section website and posting to the discussion list message board
- Replying to an email thread

### Posting to a Discussion List by Email

To post to a discussion list by email, you will need:

- To be a member of the section
- The discussion list's email address
- (Announcement) Admin posting rights

### Attaching a File

Please know that there is a 3 MB size limit for email attachments. We encourage you to upload files to your section's file sharing libraries.

### Posting to a Discussion List through the Section Website

To post to a discussion list through the section website, you will need:

- To be a member of the section
- Your AALS account username and password
- (Announcement) Admin posting rights

To post to a discussion list through the section website, visit [Connect.AALS.org](https://Connect.AALS.org) or navigate directly to your sections website (section website addresses can be found at [Connect.AALS.org](https://Connect.AALS.org) or [AALS.org/sections](https://AALS.org/sections)). Log in with your username and password. On your section website, **click Discussion List**
